## The Law

---

Health and safety in schools is governed by legislation and associated regulations, which are enforced by the Health and Safety Executive (HSE).

In **community schools, community special schools and voluntary controlled school's** statutory health and safety responsibilities fall on the Local Authority (LA) (as the employer) and on the headteacher and other school staff (as employees).

As the management body, **the Governing body** must ensure that school staff and premises follow policies and procedures set by the Local Authority for health and safety (e.g., reporting accidents, first aid provision), and:

- Implement a health and safety policy and advise employees of it;
- Have a Critical Incident/Business Continuity plan that considers emergency scenarios;
- Ensure, **so far as is reasonably practicable**, the health, safety and welfare of teachers and other education staff; the health and safety of pupils in school and on off-site visits; and the health and safety of visitors to schools, and volunteers involved in any activity on the school site or managed by the school;
- Assess the risk of all activities, both in school and off-site; introduce measures to manage those risks, and tell employees about those measures;
- Ensure that staff are competent and trained (including TeamTeach techniques where necessary) in their health and safety responsibilities; and are actively involved in health and safety;
- Take reasonable steps to make sure that the buildings, equipment and materials are safe and do not put the health of users and visitors at risk;
- Promote and support sensible health and safety management through discussion at Governor or Senior Leadership Team meetings;
- Seek advice and guidance from The Health & Safety Service when required.

In practice, the Governing body may delegate specific health and safety tasks to others at the school.

The Governing body, and Headteacher, must comply with any direction given to them by the LA concerning the health and safety of persons on the school's premises or taking part in any off-site school activities.

In practice, the Governing body may delegate specific health and safety tasks to others at the school. However, the Governing body retains the ultimate responsibility no matter who carries out the tasks.

---

## The Role of Employees in Any School

---

Employees must take reasonable care of their own health and safety, and that of anyone else who may be affected by what they do at work. They must also cooperate with others who have duties for health and safety by carrying out instructions and reporting unsafe practices. The Headteacher, who has delegated responsibility for the day-to-day management of the school, has a role of making sure that the governing body's health and safety policies and procedures are carried out.

---

## Introduction

---

The Governors will:

- Provide as far as reasonably practicable a safe and healthy environment for all persons who work at, attend or visit the school.
- Ensure, as far as reasonably practicable, the health and safety of pupils, staff and volunteers on off-site visits and activities.
- Endorse and support the safety policy of Somerset Council, and to assist the Council to discharge those responsibilities, which it holds as employer.
- Seek improvement to working conditions according to priorities within existing resources.
- Recognise their responsibilities when they make available premises or equipment for hire and will ensure that risks to the safety or health of hirers and other persons are adequately controlled as far as possible.
- Ensure that Risk Assessments are carried out within the school using a recognised method of recording (e.g., EEC Safety Suite). Risk assessments are communicated to all staff and reviewed as appropriate.
- Promote and engage health and safety through discussion and informal meetings and ensure time is made available in staff meetings where health and safety issues can be raised.
- Ensure that staff can access training to ensure their competence for their tasks.
- Accept the duties that they may hold as a client where they arrange for work through contractors or volunteers. Follow the Council's guidance for the selection of competent contractors and **will** seek assistance from the Council's Corporate Property Group when necessary. Ensure that volunteers receive adequate instruction and supervision to work safely.
- Report all incidents/accidents, using the Accident Reporting Module on the EEC Safety Suite and ensure appropriate follow up action has been carried out.
- Review on an annual basis, all accidents and incidents reported to identify trends.
- Consult with the school council and inform pupils of their responsibilities for Health and Safety.
- Recognise the role of safety representatives appointed by recognised trade unions and co-operate with them so that they may undertake their health and safety related functions, including reasonable paid time off for consultation inspection and investigations.

**The following individuals are recognised as safety representatives at the school.**

Name: **Rebecca Eldred**

Trade Union: **National Association for Head Teachers**

Health and Safety Governor: **Claire Hitt**

Chair of Governors: **Claire Hitt**

The Governors and Headteacher will draw this policy to the attention of all staff, and review annually.

## 2. Organisation in Support of Health and Safety

---

Schools can be organised in a variety of ways, i.e., on a Headteacher/ Governing Body/Senior Management Team. The key members are responsible for seeing that their area of responsibility or recognised staff follow the school's policy, and the following measures:

- Identification and control of risks associated with any hazardous or dangerous substances.
- Selection of equipment suitable for its purpose and ensuring that it is properly used.
- Identifying and securing the training needs of members of their Area/Department.
- Provision of suitable personal protective equipment when required and ensuring that it is properly used.
- The Headteacher and Governors recognise the importance of all staff being competent and possessing the necessary current skills, knowledge and qualifications for the use of specialist equipment or facilities.

- The Governors will monitor safety performance within the school against the standards set by Somerset Council and provide an annual summary of their findings.
- Ensure that regular School Premises Management checks are completed in line with the [Premises Managers checklist](#) alongside guidance from the School's Area Building Surveyor and Local Authority. Also ensuring that appropriate training needs of person responsible for premises is delivered.
- Governors to agree delegation for approval of off-site visits and activities (Category A) and review on an annual basis. [Governor to Head Delegation for Category A](#).
- The Governors have appointed the following Governor Claire Hitt & Matt Cook to monitor health and safety issues and bring to their notice such issues that require their attention.
- Assistance on health and safety issues is provided by The Health & Safety Service.

### 3. Appointment of Appropriate Persons

Schools should appoint appropriate persons for their delegated areas of responsibility within the school. They should ensure that new staff have the necessary skills and qualifications on appointment or are able to receive the necessary training and certification, after appointment or on change of responsibilities or work methods.

### 4. Guidance for School

The following guidance, produced by the Local Authority, is available for schools to use for their own standards:
